

On behalf of the Library Board and the staff, it is my pleasure to welcome you to the Forest Hill Public Library and all of its resources. We are rising to the challenge of balancing all users; we are committed to having books, music CDs, DVDs, magazines and different programming. At the same time, we are committed to those patrons who would prefer to use the library through our website. Whether you are browsing this site from the library, from the internet at home, at work, or from school, we invite you to explore in depth the wide variety of resources available. Our resources allow us to provide excellent customer service not only online but also in person.

We hope you enjoy your visit, whether physically or virtually, and if you have any question/s, please let us know.

Daniel Berdner

Director

Forest Hill Public Library
