

LIBRARY IS CLOSED
STARTING AT 7 P.M. MARCH 17, 2020
THROUGH MARCH 31, 2020
(FURTHER UPDATES PENDING)

Valued Patrons,

In light of the developing pandemic the library is doing its part to help stop the spread of the COVID19 virus by ceasing all public operations and following local and national protocols and initiatives.

After careful consideration of options that include limited services and operating hours, we are not convinced that staff could deliver services, which require adequate sanitization of all surfaces and borrowed materials, reliably during this period.

We are exploring creative ways library staff can continue their contributions by working from home and within the facility, albeit with irregular schedules.

The library and its Board of Trustees will watch developments during the closure and will respond accordingly by extending the closure, offering limited services, or returning to normalcy.

Please monitor the library's website (foresthilllibrary.org) and our Facebook page for further announcements and offerings.

We enjoy serving the Forest Hill community and regret any hardships and inconveniences our closure has caused.

Thank you for your patience and understanding.

Library Staff
